

Project Name: <fill in your project name>

In this beginner's card, we learn how to <fill in a short description about what your project and your code does.>

<Paste a screenshot of your stage that shows the result of your stitching project on the screen.>

What is special about my project?

<Describe in 2-3 sentences what is special about your project, what you liked about your project and where you had difficulties.>

This is my TurtleStitch code:

<Paste a screenshot of your programming area that shows your code.>

Description of your code:

<You are now a TurtleStitch expert 😊 Describe the individual steps in your code as if you needed to describe it to someone else that is new to TurtleStitch. Describe it in a way that others can use to rebuild the awesome project you created.>

- <Step one>
- <Step two>
- <etc.>
- <etc.>
- <etc.>
